Hi Mark,

sorry for my delayed answer. But it was little difficult to check this.  
My mother was at the city hall in Wildberg and ask for the old documents of our family.  
She had to translate it for me, as these documents are written in old german letters and therefore I can't read it.

According to these documents Karl Bauer (1888-1960) had 2 brothers and 4 sisters.  
Anna Maria was born in 1891 and she married Josef Anton Rusch (Dornbirn, Austria).  
Emma Luise was born in 1898, I think this is the sister you know as Taunte.  
There are no further notes about Anna Maria and Emma Luise, certainly as they emigrated.

The other 2 sisters, Christine and Maria Katharina, died shortly after birth.

The brothers were Wilhelm Emanuel (1893-1915) and Ernst Albert (1901-1920).

Hopefully this information helps a bit.

It's nice to hear from you and your family. I remember that my sister visited your family and also that somebody visited my family in Germany. But it's too long ago and I can't remember detailed.  
Ulrike sent pictures of all by airmail to Charley last week. He should receive it within the next days.

Regards  
Kathrin

Hi Kathrin,

I hope you are doing well.

We have a question about the Family Bauer Tree we hope you can answer.

Do you know if Karl Bauer (1888 -1960) had any brothers or sisters? We believe he had 2 sisters, Anna Maria Bauer (who immigrated to America), and another sister (we simply only know her as Taunte, who also immigrated to America). We do not know the name of Taunte, but Charley and my Mom remember her.

Any information you have would be very helpful.

Thank you,

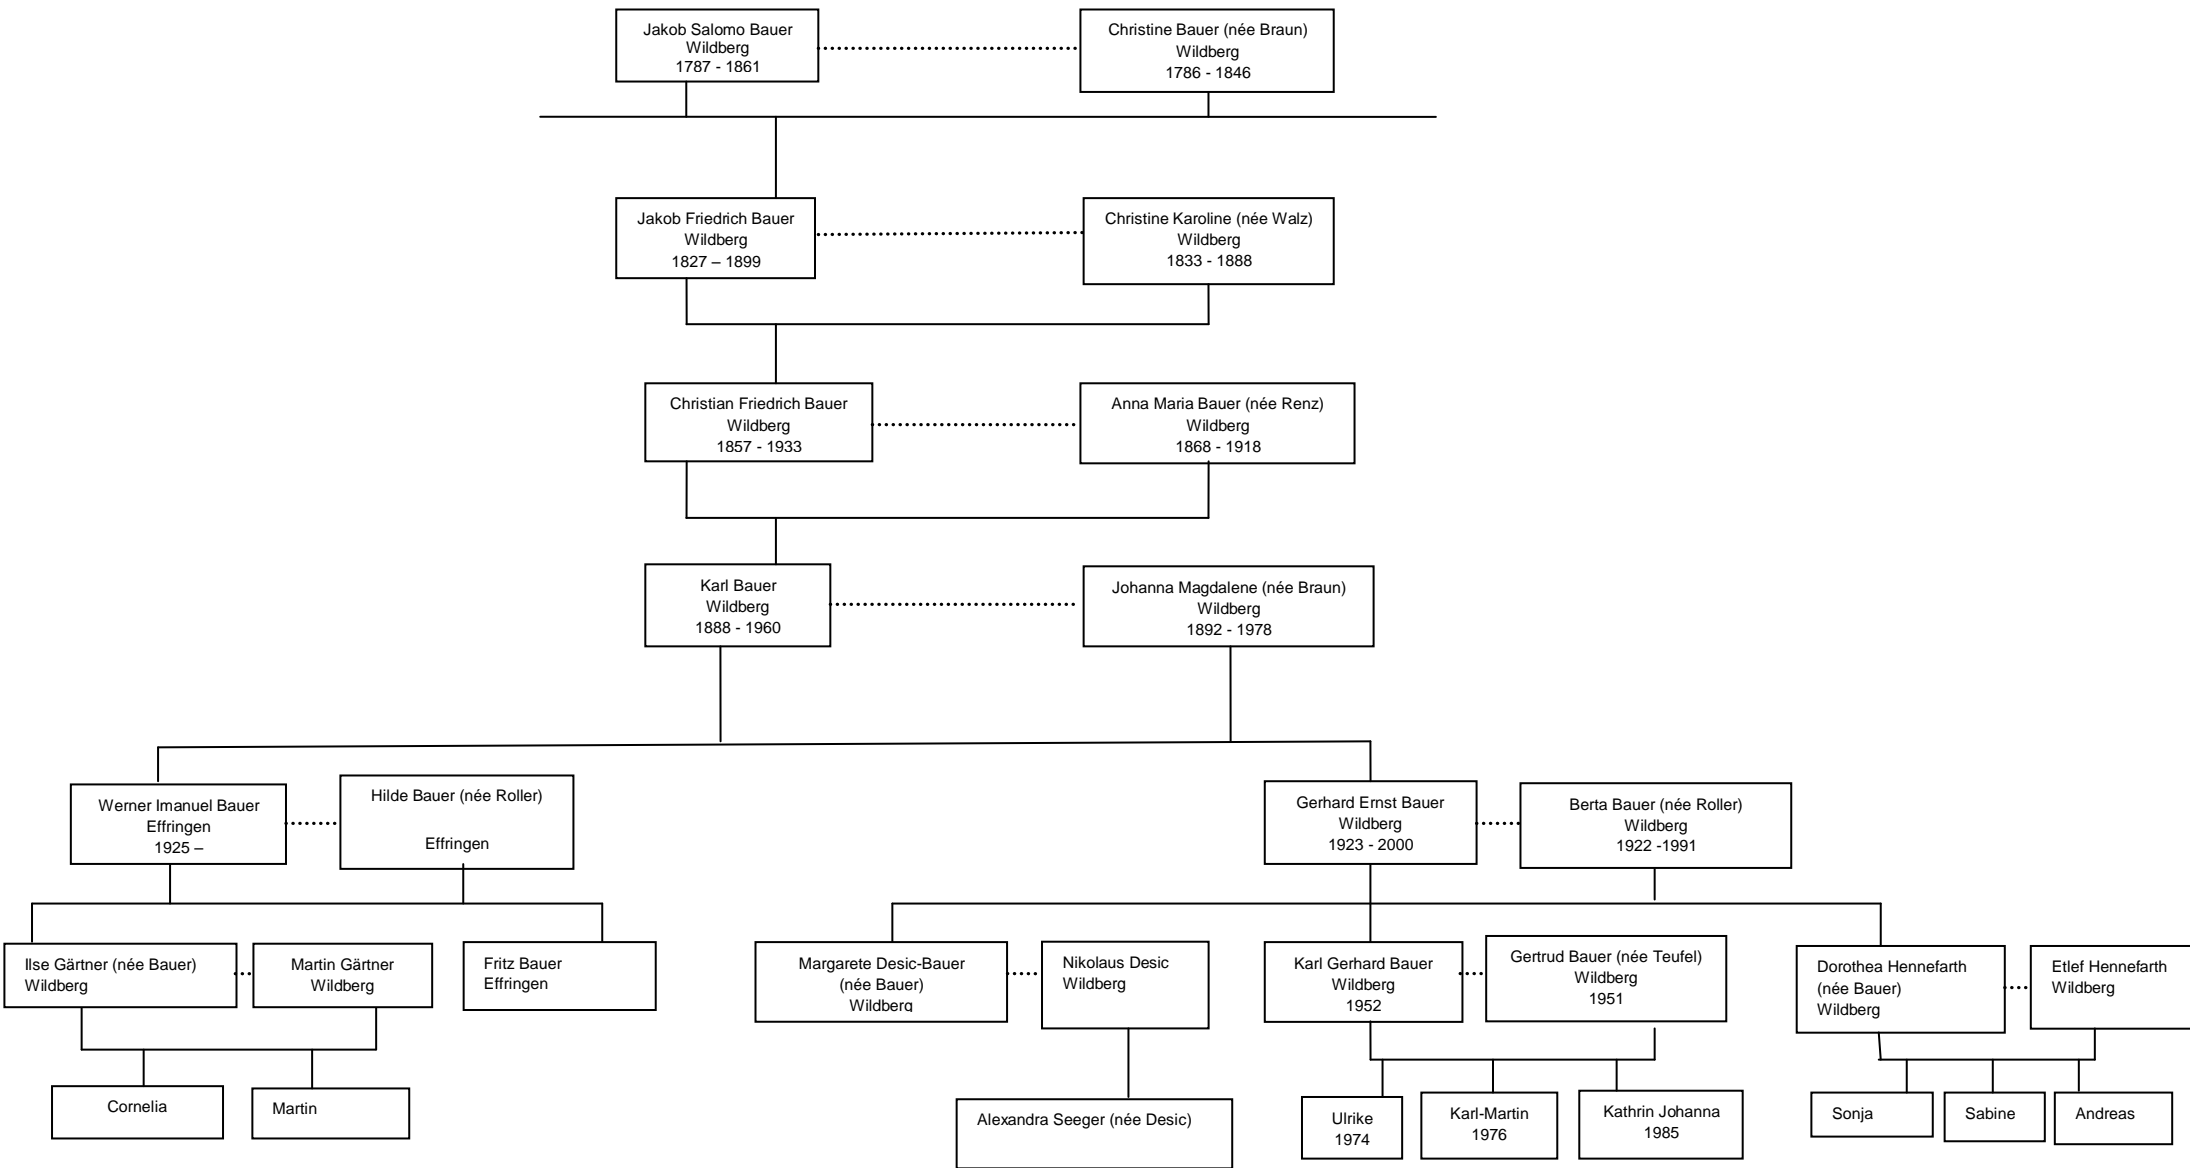

Mark
